

■ GEBERIT

Design in Bathrooms

Quality of life is getting more important. We want to enjoy the nicer things in life. And at the same time we are taking more and more time to

relax and unwind. The result of this can be seen in the furnishing and determines the atmosphere in the bathroom.

■ GEBERIT

The Geberit technology works invisibly, thereby creating space for individual design. With the flush actuators Twist, Tango, Rumba, Samba, Mambo and Bolero you have the choice to realise your personal wishes in bathroom design. Make your bathroom dream come true!
